

**Update from All Saints'  
Email to the Parish from The Venerable Christopher Dunn  
14 April 2020**

I realized today that it is exactly one month since we received word that we would be shutting down our Church buildings and not holding services. In some ways it seems like it has been forever—in other ways it has been such a short time.

Today, the Parish of All Saints' Westboro stepped into a whole new era. Tonight, we held our first Corporation meeting by Zoom. While it is a way to get things done when physical distancing restricts how we are going to meet, I must say that I still prefer the face to face type of meeting.

It was pointed out to me today that perhaps I could remind everyone that the best source of information on the pandemic is available from Ottawa Public Health, so here is the link: [ottawapublichealth.ca/coronavirus](https://ottawapublichealth.ca/coronavirus)

Tonight's prayer:

*O God, the source of light and life, by the resurrection of your only Son you have led us out of darkness into your marvellous light, from death into life, from slavery into freedom. Bring the light of your new creation to us and to our world, through Jesus Christ our Lord, who is alive and reigns with you and the Holy Spirit for ever. **Amen***

Have a good evening

Chris
