

Update from All Saints' Email to the Parish from The Venerable Christopher Dunn

28 April 2020

They say that today is National Superhero Day -- we are surrounded by real life **superheroes** and while comic book characters may be a diversion for some, we need to acknowledge those who step in to danger and challenging situations every day and in real life. To all the Firefighters who worked on the Britannia fire, to the Paramedics and medical response staff, to our Police officers who face unknown challenges everyday, to our Doctors, Nurses, Medical Technicians and all those who are working in Hospitals, shelters, Long-term care facilities -- they are all our heroes and the list goes on.

Today I will share with you another **piece of art**. This one is from Aubrey, the 21 month old granddaughter of Larry and Sharon. If you look you can see Aubrey doing the painting in her highchair. A budding artist with very proud Grandparents.

Today's prayer:

"God of mercy and tenderness, giver of life and conqueror of death, look upon our weakness and grief, and restore us to health, that we may sing a new song to your praise; through Jesus Christ our risen Lord. Amen"

Take care and stay safe

Chris
